# IP Phone Overview

## What's in the box

The following items are included in your package. If you find anything missing, contact Northwest Vox.

| | | | |
|---|---|---|---|
| IP Phone | Handset | Handset Cord | Ethernet Cable | Stand |

Handset Cord     Ethernet Cable     Stand

IP Phone     Handset     Quick Start Guide     Power Adapter (Optional)     Wall Mount Bracket (Optional)
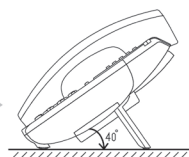

### Assembling the Phone:
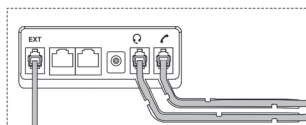

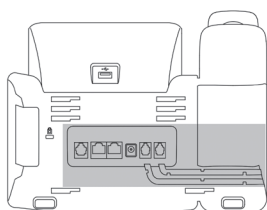

**1**   Attach the stand:

Ⓐ

Ⓑ   Desk Mount Method

**Note:** You can aslo mount the phone to a wall. For more information on how to attach the wall mount bracket, refer to Yealink Wall Mount Quick Installation Guide for Yealink IP Phones.

**2**   Connect the handset and optional headset:

**Note:** The headset, Bluetooth USB dongle BT40 and wireless headset adapter EHS36 should be purchased separately. The EXT port can also be used to connect the expansion module EXP39. For more information on how to use the EHS36, EXP39 and BT40, refer to Yealink EHS36 User Guide, Yealink EXP39 User Guide and Yealink Bluetooth USB Dongle BT40 User Guide.

## Assembly continued

**(3)** Connect the network and power:

*You have two options for network and power connections. Northwest Vox will advise you on which one to use.*

PC Connection
(Optional)

Internet

Power Adapter
(DC 5V)

EXT   PC   Internet   DC5V

**(A)**
AC Power
Option

EXT   PC   Internet   DC5V

**(B)**
PoE (Power over
Ethernet) Option

**Note:** If inline power (PoE) is provided, you do not need to connect the power adapter. Make sure the Ethernet cable and hub/switch are PoE compliant.

PC Connection
(Optional)

IEEE 802.3af compliant
PoE Hub/Switch

## Startup

After the IP phone is connected to the network and supplied with power, it automatically begins the initialization process. After startup, the phone is ready for use. You can configure the phone via web user interface or phone user interface.

Check with Northwest Vox if any error appears during the registration process or a specific condition is required for your registration.
