Quick Start Guide & Quick Reference Guide

IP Phone

Handset

Stand

Power Adapter (Optional)
Assembling the Phone:

① Attach the stand:

Ⓐ

Desk Mount Method

Ⓑ
Wall Mount Method

① Connect the handset and optional headset:

**Note:** The headset should be purchased separately.

Assembly continued

(1) Connect the network and power:

*You have two options for network and power connections. Northwest Vox will advise you on which one to use.*

Power Adapter
(DC 5V)

Internet

PC Connection
(Optional)

(A)
AC Power Option

DC5V Internet PC

(B)
PoE (Power over
Ethernet) Option

IEEE 802.3af compliant
PoE Hub/Switch

DC5V Internet PC

PC Connection
(Optional)

Note: PoE is only applicable to the SIP-T21P IP phone. If inline power (PoE) is provided, you do not need to connect the power adapter. Make sure the Ethernet cable and hub/switch are PoE compliant.

Startup

After the IP phone is connected to the network and supplied with power, it automatically begins the initialization process. After startup, the phone is ready for use. You can configure the phone via web user interface or phone user interface.
